

Crucible retort ring

Ideal for clamping of crucibles for heating substances over a gas flame.

- Oriental clamp for crucibles, which can be fixed easily by hand according to the used crucible size: 0-70 mm
- 3-point-clamp: ring with 3 guide sleeves pointing to the center, the clamping rods inside the guide sleeves can be scrolled
- Clamping rods: ceramic rods „Degussit“ (max. 2030°C)
- Application with support stands or tripods; with the support stands the distance between the gas flame and crucible bottom can be adjusted
- Fits also for platinum crucibles
